17. Margin Trading Facility – Additional Rights and Obligations

- a. Margin Trading Facility hereinafter referred to as "MARGIN TRADING" or "MTF", is a facility offered by BSIPL which allows the Client to take positions by providing prescribed margin and the balance amount is funded by BSIPL to meet the pay-in obligation of the Client. Client can later take delivery either by making the necessary funds settlement or may liquidate such

positions. The Client agrees that any fresh position under MTF shall be allowed to be created only when Client has provided initial margin required for such position in such form as specified by BSIPL or has sufficient unutilized margin available in his collateral balance demarcated for MTF. The balance obligation would be funded by BSIPL and will be paid to the stock exchange for meeting the Client's pay-in obligation. Client then needs to ensure that the available margin is always above the minimum margin specified by BSIPL from time to time, to avoid liquidation of the positions.

- b. The Client understands that SEBI/Stock Exchanges have prescribed securities which are eligible to be offered in MTF. Hence, MTF shall not be offered in all the securities traded on Stock Exchanges. The Client agrees that BSIPL shall have the discretion to select securities from those allowed by SEBI/Stock Exchanges that will be enabled for trading under the Facility as per its internal risk management policy and the number of securities enabled for trading under MTF by BSIPL could be smaller than the number of securities allowed by regulators.
- c. The Client agrees that BSIPL may require the Client to provide such margin or change the margin requirements (in such form and manner as acceptable to BSIPL) as it deems fit in its sole discretion as necessary for risk mitigation without intimating or consulting the Client. This margin requirement may be more than the margin prescribed by SEBI/ stock exchanges. Margin may be taken in cash, cash equivalent or eligible shares as may be acceptable to BSIPL.

If such additional margin requirement is not met, the position may be liquidated by BSIPL due to insufficient margin. The Client undertakes to maintain sufficient margin in the MTF segment to safeguard the open position from being liquidated or pending orders being cancelled.

In the event the Client offers securities as margin to BSIPL, then the below terms and conditions shall apply:

- i. The margin securities would constitute the security towards due performance of the Client's obligations, commitments, operations, obligations and liabilities arising out of or incidental to any transactions made, executed, undertaken, carried out or entered into by the Client under MTF (Margin Securities).
- ii. The Client undertakes that the Margin Securities shall be owned by the Client and shall be free of any charge, lien or other encumbrances at the time of offering the same towards margin to BSIPL. The Client understands that BSIPL shall apply applicable haircut (including additional haircut) on the value of margin securities for giving exposure limits.
- iii. The Client understands that securities provided as margin can be withdrawn by the Client only to the extent of free limits available under MTF for the Client.
- iv. SEBI/ Stock Exchanges have specified category of securities which are eligible to be accepted as collateral towards MTF by the stock broker. The Client agrees that if specific security given by the client towards collateral moves out of the eligible list of securities, then the limit given against such security may be withdrawn by BSIPL immediately. In view of the same, MTF open positions of the client may get liquidated if sufficient additional margin is not replenished by the Client. Client agrees that BSIPL reserves the right to decide the securities which it may accept as margin from clients.
- v. The Client agrees that the Client shall furnish additional Margin Securities as may be required by BSIPL from time to time. Collateral securities shall be pledged by BSIPL in Client's demat a/c or will be debited from Client's demat a/c to be held by BSIPL as per its discretion. Securities purchased under MTF and not paid for by the client too shall be held by BSIPL as a security towards outstanding payment. The collateral securities and funded securities shall be released by BSIPL only when the client has cleared all the outstanding dues payable to BSIPL.
- vi. The Client agrees that the Client shall not, without BSIPL's prior written permission, create any charge, lien or encumbrance of any kind over the Margin Securities offered to BSIPL and further that, the Client shall not do or allow anything to be done that may prejudice the interest of BSIPL in respect of the Margin Securities.

- vii. The Client agrees and acknowledges that pursuant to the Power of Attorney executed by the Client in favour of BSIPL, BSIPL, in its capacity as stock broker shall be entitled to submit necessary documents on behalf of the Client to BSIPL, acting as the Depository Participant, for enabling the Depository to transfer the securities or mark a pledge in favour of BSIPL in respect of the Margin Securities and also submit further documents on behalf of the Client to request the Depository to remove the pledge created with respect of the Margin Securities.

BSIPL shall also be entitled to give such instructions to transfer/mark a lien on the Margin Securities offered by the Client and upon such instructions, the Client shall not be able to deal or trade in such Margin Securities without consent of BSIPL.

- viii. The Client agrees that BSIPL shall have the discretion to select securities that will be accepted as collateral under MTF as per its internal risk management policy and the number of securities accepted as collateral under MTF by BSIPL could be smaller than the number of securities allowed by regulators.
- ix. It is hereby agreed that the Client shall be entitled to corporate actions / benefits such as dividends, bonus, redemption benefits, interest accruing on the Margin Securities etc. when the securities are transferred to BSIPL or pledged in favour of BSIPL. However upon invocation of the aforesaid pledge or selling or disposing or otherwise effecting any transfer of the Margin Securities the above corporate actions/benefits shall not accrue to the Client.

- d. The Client agrees that BSIPL may at its sole discretion, change the margin requirement on the transactions, in which the Client has taken or proposes to take positions depending on its own risk mitigation measures and without intimating or consulting the Client. Due to increased volatility in the prices, the margin requirement may be increased and in such event the Client undertakes to allocate additional funds/securities to continue with the open position. If such margin requirement is not met, the position may be liquidated by BSIPL with due notification for want of additional Margin required to maintain the position. The Client undertakes to maintain sufficient margins under MTF to safeguard the open position from being liquidated or pending orders being cancelled.

- e. The Client agrees that under the Facility, Margin shall be blocked at the time of order placement after taking into account the current market price / weighted average price. For market orders, margin shall be blocked considering the order price as being equivalent to the last traded price of the security. In the event the actual trade execution takes place at a price different from the price at which the Margin was blocked, the required Margin would then be re-calculated and the limits would be blocked at the actual traded price. In case of order modification also, the required Margin shall be re-calculated and excess margin, if any, shall be released or additional margin needed, if any, will be blocked. In case the available Margin with BSIPL is insufficient, then the order modification request would get rejected.

- f. In order to avail MTF, minimum initial margin required shall be as under:

Category of Stock	Applicable Margin
Group 1 stocks available for trading in the F&O Segment	VaR + 3 times of applicable ELM*
Group 1 stocks other than F&O stocks	VaR + 5 times of applicable ELM*

*The applicable VaR and ELM shall be as in the cash segment for a particular security. The minimum initial margin may change from time to time. BSIPL may then change its margin requirements basis the change prescribed by SEBI/Exchanges.

BSIPL at its discretion could charge same or higher margins from time to time. Please refer to the link below for the current multiplier: <https://www.barclays.in/personal-banking/bsipl/broking-services/>

- g. The Client agrees that, securities purchased by the client shall be retained by BSIPL in its own client designated demat account until the Client fulfills the contractual obligation for the respective buy transaction in which the securities are bought. On settlement of the contractual obligations, the securities will be delivered to the clients' pre-registered Demat account linked with the Broking account with BSIPL.

The Client understands that the positions will be permitted to be continued upon fulfillment of the necessary Margin requirements as specified by BSIPL for the particular scrip from time to time. The Client agrees that though presently there is no maximum time limit prescribed by BSIPL for continuing the funded positions under MTF open, BSIPL reserves the right at its discretion to stipulate a maximum time within which Client will have to take the delivery of the securities purchased under MTF.

- h. The Client agrees that they shall be liable to pay Interest as may be decided from time to time by BSIPL on all outstanding payment beyond the due date (i.e. pay-in-date) by the Client to BSIPL.
- i. Interest on MTF Facility will accrue on the daily outstanding balance at the rate specified in the relevant interest letter or as notified from time to time. The interest applicable shall accrue daily and shall be posted on a daily basis. The interest accrued daily shall impact the daily margin availability for taking exposure in MTF. The interest will be payable on the date on which the principal outstanding under that MTF Facility is required to be repaid or at such times and in such manner as is specified or notified by us. Interest shall accrue from day to day and be calculated on the basis of the actual number of days elapsed over a 365-day year.
- j. Interest rates may vary at any time for one or more of the following reasons: (A) if there has been a change in the RBI base rate or interest rate levels generally; (B) if investment interest rates have been increased or decreased; (C) to reflect market conditions generally; (D) because of changes in technology; or (E) to take account of changes in the law or regulatory requirements or decisions by a court, ombudsman, regulator or similar body, provided that, if any of the above reasons is found to be invalid, we may still vary its interest rates for any of the remaining reasons. We will decide on the timing and percentage of any rate change at our discretion and intimate you accordingly.
- k. BSIPL may, at any time, without prior notice to you and at our discretion:
- (i) terminate the MTF;
 - (ii) cancel and withdraw the MTF or any undrawn portion of the Facility;
 - (iii) suspend the MTF and / or the undrawn commitment of such Facility;
 - (iv) terminate any transaction entered into with you to the extent it may by its terms be so terminated;
 - (v) demand immediate repayment of all or any amounts outstanding and accrued interest;
 - (vi) demand full cash collateral for all or any amounts outstanding; and/or
 - (vii) reduce or otherwise revise the MTF Limit.
- l. The client understands that securities bought under the MTF and securities placed as collateral shall be marked to market on a real time daily basis. Further, client agrees that no exposure shall be given on increased value of securities purchased by the client under MTF.
- m. BSIPL may close the existing position (full or in part) of a client if the margin cover falls below the minimum prescribed margin limits as specified by SEBI/ Exchanges (s)/ BSIPL internal guidelines without any further notice to the Client. In case if debit/margin shortfall still exists upon closing the position, collaterals provided by the client shall also be liquidated to recover such shortfall.

There could be shortfall in required margin due to following reasons:

- fall in price of collateral,
- change in VaR & ELM margins of the collateral and MTF position,

- exclusion of security from the MTF approved list
- interest amount accruing on a daily basis
- brokerage and other charges levied at EOD
- fall in the price of funded security, resulting in an adverse MTM position.

In case the debit/margin shortfall still exists upon closing the position, collaterals provided by the Client shall also be liquidated to recover such shortfall.

- n. BSIPL shall not allow any further exposure in MTF to the Client in the event if the Client has a debit balance on T+2+5 trading day with BSIPL in any other segment. In case the Client clears the debit balance post T+2+5 trading day BSIPL shall allow exposure to the extent of margin available.
- o. The Client understands that under MTF, Client would not be able to take further positions and/or existing positions may be liquidated by BSIPL at its discretion on occurrence of any of the following events:
 - i. If at any point of time total exposure across all securities of all the Clients of BSIPL taken together under this facility exceeds the SEBI / Stock Exchange prescribed maximum allowable exposure limit specified for a stock broker, Client agrees that BSIPL may set this limit at its discretion which can be lower than the limits prescribed by SEBI as part of its risk management process.
 - ii. If the Client exceeds or is about to exceed the maximum allowable exposure for a single Client. Client understands that SEBI has prescribed a maximum limit for allowing exposure to a single Client and the same may be varied by SEBI/Stock Exchanges from time to time. Client agrees that BSIPL may set this single Client exposure limit at its discretion which can be lower than the limits prescribed by SEBI as part of its risk management process.
 - iii. If the total exposure in a particular security of all the Clients of BSIPL taken together under this facility reaches the maximum allowable limit for that security as defined by BSIPL.
 - iv. If the exposure in a particular security by a single Client under this facility reaches the maximum allowable limit for that security for a single Client as defined by BSIPL.
 - v. If the security moves out from the list of eligible securities under MTF and becomes ineligible for offering under MTF as prescribed by SEBI/Exchanges or by BSIPL.
 - vi. Any other circumstances due to any change, including but not limited to any change in the regulatory requirements from time to time or risk management process due to changing market conditions.

It is hereby clarified that liquidation of position on account of reaching the maximum allowable exposure limit specified for BSIPL shall be on a Last In First Out Basis.

The above liquidation of position/collateral may be carried out by BSIPL at any point of time but not later than five working/trading days including the day of margin call.

- p. The Client understands that BSIPL may at its discretion cancel the MTF and call upon the Client to repay all outstanding monies to BSIPL along with any accrued interest ("Monies Due"). BSIPL shall have the right to liquidate the existing position if the Client does not repay the Monies Due within two (2) days of such demand.

Notwithstanding the above mentioned time-period, in the event there is any adverse movement in the value of the securities, and/or if the margin cover falls below the minimum prescribed margin limits as specified by SEBI/ Exchanges (s)/ BSIPL internal guidelines BSIPL may close the existing/partial position of the Client without any further notice to the Client. In the event there is any debit/margin shortfall upon closing the position, collaterals provided by the Client shall also be liquidated to recover such shortfall.

- q. The Client understands that BSIPL shall have the right to cancel a sanctioned unutilized MTF at its sole discretion.
- r. The Client understands that irrespective of the credit limit sanctioned by BSIPL under MTF for the Client is uncommitted, the actual availing of the facility by the Client is at the sole discretion of BSIPL.
- s. The Client understands that Client is required to disclose whether he is a promoter or forming part of the promoter group of the security in which he has taken an MTF position or given as collateral which is required for daily reporting to stock exchanges. In absence of any such disclosure, BSIPL shall consider the client as a non promoter and will report to stock exchanges accordingly. The client understands that it is the client's sole responsibility to report the changes to BSIPL in writing promptly and the client shall be solely responsible for all events and consequences arising out of such non-reporting.
- t. The Client agrees that there can be a short delivery of securities from the Exchange. For such transactions, the Exchange would either give delivery of shares through market auction or shall closeout the buy transactions as per the Exchange Regulations. All costs and consequences, if any, arising out of such auction or close out shall be fully borne by the Client and BSIPL would not be held responsible for any such short delivery received by the Client and the consequential impact thereof.
- u. The Client understands that BSIPL shall be reporting to stock exchanges on a daily basis the details of Client's funded positions/collateral securities and such other details as may be required by stock exchanges from time to time.
- v. The Client understands that in the event the Client executes trades both in the Normal segment and also under MTF, BSIPL would raise only one contract note cum bill per segment at an exchange level showing the trades executed under MTF and the Normal segment. The MTF trades will be marked accordingly for identification as trades done under MTF. Treatment of the transactions in the books of the Client with BSIPL will be as below;
- w. BSIPL shall pass a Credit Journal Voucher in the ledger for Normal segment to the extent of trades executed under MTF on the trade date and pass a Debit Journal Voucher in the Client's ledger under the MTF.

- (ii) directly to the tax authorities in that country (such as the United States).

If the Client is not an individual, the Stock Broker, and other Barclays Group entities, may also have to report information about the Client's direct and indirect shareholders or other owners or interest holders and, if the Client is a trust, the Client's beneficiaries, settlors or trustees.

If this applies to the Client at any time, the information the Stock Broker, and other Barclays

Group entities, would have to report includes information about the Client, the Client's accounts and other products, for example the Client's account number(s), the amount of payments including interest paid or credited to the account(s), the account balance(s) or value(s), the Client's names, addresses, countries of residence and social security numbers/taxpayer identification numbers or similar (if applicable).

- (iii) to waive any rights to limit or prevent disclosure to tax authorities, under applicable data protection, bank secrecy or similar laws in respect of the information the Stock Broker reports to comply with these obligations;
- (iv) if the Client does not provide the Stock Broker with information or documents the Stock Broker needs or does not provide a waiver of confidentiality rights where needed, the Stock Broker may (i) withhold on amounts, including interest (and in certain circumstances gross proceeds from 2019), paid or credited to the Client; or (ii) close or block the Client's account, terminate or redeem the Stock Broker's product and/or end the Stock Broker's contractual or other relationship with the Client; and/or (iii) transfer the account, product or relationship (and its associated assets and liabilities) to an affiliate of the Barclays Group in another jurisdiction (and, for the avoidance of doubt, and the Client shall be deemed to have given consent to any such transfer);
- (v) if the Client asks the Stock Broker to make a payment to an account based at a financial institution which does not participate or comply with relevant tax legislation, the Stock Broker may be required, and the Client authorizes the Stock Broker, to withhold certain amounts, for example, in respect of US tax liabilities from the payment (the Stock Broker will tell the Client if this is the case);
- (vi) that the Stock Broker may transfer the Client's data to another country, subject to Regulatory Requirements, for processing and use agents and sub-contractors to process the Client's data to comply with the Stock Broker's obligations;
- (vii) to the greatest extent permitted by applicable law, the Stock Broker will not be liable to the Client for any loss the Client may suffer as a result of the Stock Broker complying with legislation or agreements with tax authorities in accordance with this clause, unless that loss is caused by fraud on the Stock Broker's part; and
- (viii) that this consent will override any inconsistent term or consent provided by the Client under any agreement with the Stock Broker, to the extent it provides fewer or lesser rights for the Stock Broker, whether before or after the date of the Broking Account Registration Form.

Barclays - Anti Money Laundering - Investor Awareness Initiative

In recent years, and especially since the events of 11 September 2001, worldwide efforts to combat money laundering and the financing of terrorism have assumed heightened importance. Both are global problems that not only threaten security, but also compromise the stability, transparency, and efficiency of financial systems, thus undermining economic prosperity.

The Prevention of Money Laundering Act, 2002 (PMLA) forms the core of the legal framework put in place by India to combat money laundering. PMLA and the Rules notified there under came into force with effect from 1 July 2005. Director, FIU-IND and Director (Enforcement) have been conferred with exclusive and concurrent powers under relevant sections of the Act to implement the provisions of the Act. PMLA defines money laundering offence and provides for the freezing, seizure and confiscation of the proceeds of crime.

The PMLA and rules notified thereunder impose obligation on banking companies, financial institutions and intermediaries to;

1. verify identity of clients
2. monitor transactions
3. maintain records and
4. furnish information to FIU-IND.

Please Refer- https://fiuindia.gov.in/files/FAQs/pmla_2002.html

Laundering allows criminals and terrorists to operate freely, using their financial gains to expand their criminal pursuits and fostering illegal activities such as corruption, drug trafficking, arms trafficking, smuggling, and financing of terrorism. Money laundering and the financing of terrorism can have devastating economic and social consequences for countries, especially those in Anti-Money Laundering and Combating the Financing of Terrorism the process of development and those with fragile financial systems. The economy, society, and ultimately the security of countries used as money laundering platforms are all imperiled.

At Barclays, we have a responsibility to minimise our exposure to Money Laundering and Terrorist Financing activity. Our endeavour is to maintain high standards of customer due diligence & screening through our Group Policies & procedures with respect to Know Your Client (KYC) & Know Your Clients' Business.

Please refer to SEBI Master Circular on Anti Money laundering Standards (AML)/Combating Financing of Terrorism (CFT) obligations of securities market intermediaries under the Prevention of Anti-Money Laundering Act, 2002 and rules framed thereunder dated 15 October 2019 (as amended, modified or replaced from time to time).
