**Subject:** Caution towards dealing with unsolicited videos and messages circulated in Social Media

Dear Valued Clients,

In continuation with the earlier communication regarding educating clients on “caution towards dealing with unsolicited messages”, BSE and NSE have further sent communication on “caution towards dealing with unsolicited videos and messages circulated in Social Media” vide Notice no. 20221021-12 and NSE/INVG/54165 respectively.

Investors are requested to note that messages / videos are being circulated with recommendations to deal in certain scrips. Such recommendations are being circulated to investors by unregistered or unauthorized entities inducing them to deal in these stocks. The circulation of such posts is not only detrimental to the interest of the investors but also adversely affects the integrity of the securities market.

Based on the unusual price/ volume variation and other factors as deemed fit by the Exchanges such scrips may be shortlisted for surveillance action which may inter alia include reduction of price band, levy of additional margins, shifting the scrip in Trade for Trade segment, including the scrip in Periodic Call auction framework, etc. It may be noted that the shortlisting of securities in above mechanism is purely on account of market surveillance, and it should not be construed as an adverse action against the concerned company.

We would like to bring to your attention that NSE & BSE offer a facility to report instances of any wrongdoing, potential frauds or unethical behavior.

Investors may opt any of the following convenient media to report such instances.
